The college will credit to the student account any tuition amount due as indicated above, and will pay any balance due to the student from unliquidated tuition deposits within 45 days of the date the college determined the withdrawal. New, unused equipment may be returned to the college’s Central Issuing Department within 20 days of withdrawal for credit to the student account. Uniforms that have been embroidered with the student’s name may not be returned.

Prior to/Including Spring 2024
A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays, and legal holidays) after the enrollment contract is signed. A full refund will also be made to any student who cancels enrollment within the student’s first three scheduled class days, except that the school may retain not more than $100 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement.

REFUND POLICY

1. Refund computations will be based on scheduled course time of class attendance through the last date of attendance. Leaves of absence, suspensions and school holidays will not be counted as part of the scheduled class attendance.

2. The effective date of termination for refund purposes will be the earliest of the following:
   (a) The last day of attendance, if the student is terminated by the school;
   (b) The date of receipt of written notice from the student; or
   (c) Ten school days following the last date of attendance.

3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72 hour cancellation privilege the student does not enter school, not more than $100 in any administrative fees charged shall be retained by the school for the entire residence program.

4. If a student enters a residence program and withdraws or is otherwise terminated after the cancellation period, the school or college may retain not more than $100 in any administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the
student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more
of the total number of hours in the portion of the program for which the student has been charged on the effective date
of termination.1

5. Refunds for items of extra expense to the student, such as books, tools, or other supplies are to be handled separately
from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies,
books and tools until such time as these materials are required. Once these materials are purchased, no refund will be
made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were
necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items
not required for the portion of the program attended must be included in the refund.

6. A student who withdraws for a reason unrelated to the student’s academic status after the 75 percent completion mark
and requests a grade at the time of withdrawal shall be given a grade of “incomplete” and permitted to re-enroll in the
course or program during the 12-month period following the date the student withdrew without payment of additional
tuition for that portion of the course or program.

7. A full refund of all tuition and fees is due and refundable in each of the following cases:
   (a) An enrollee is not accepted by the school;
   (b) If the course of instruction is discontinued by the school and this prevents the student from completing the
course; or
   (c) If the student’s enrollment was procured as a result of any misrepresentation in advertising,
      promotional materials of the school, or representations by the owner or representatives of the school.

   A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements
for career schools and colleges.

8. REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE.
   (a) A student of the school or college who withdraws from the school or college as a result of the student
      being called to active duty in a military service of the United States or the Texas National Guard may elect
      one of the following options for each program in which the student is enrolled: If tuition and fees are
      collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the
      student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the
      student for the portion of the program the student does not complete following withdrawal;
   (b) A grade of incomplete with the designation “withdrawn-military” for the courses in the program, other
      than courses for which the student has previously received a grade on the student’s transcript, and the right
      to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not
      later than the first anniversary of the date the student is discharged from active military duty without
      payment of additional tuition, fees, or other charges for the program other than any previously unpaid
      balance of the original tuition, fees, and charges for books for the program; or
   (c) The assignment of an appropriate final grade or credit for the courses in the program, but only if the
      instructor or instructors of the program determine that the student has:
      (1) satisfactorily completed at least 90 percent of the required coursework for the program; and
      (2) demonstrated sufficient mastery of the program material to receive credit for completing the
      program.

9. The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into
   the proper account(s), within 60 days after the effective date of termination.

The college will make available upon request examples of the application of our refund policy.

Unless otherwise notified, CIA will use current-semester financial aid in excess of current-semester institutional charges to
pay a prior or future miscellaneous charge or balance due. If you do not want the excess financial aid applied in this manner,
you must notify Student Financial and Registration Services in writing.

1 More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the
point of termination, up to the 75% completion mark, after which no refund is due. Form PS-1040R provides the precise
calculation.
